AK Native Word of the Week Recording Instructions

1. Use the “Make Your Own Script PDF” to write your script.
2. Practice reading your script and try to edit the script so it is between 30 and 50 seconds.
3. Find a place to record your script or email Doyon.Word@kuac.org to set up a time to record at our KUAC studios with our staff!
 - Recording outdoors is an option as long as there’s not weather/traffic noise in the air, on the water, or road.
 - Recording in a car or inside is also good.
 - Try finding something soft like a blanket, quilt or cushion to put in front of you to absorb the echoey sound.
4. Use your smart device’s voice memo recording app
 - Start a new recording by pressing the red record button.
 - Set your recording device in front of you. No need to get closer than about a foot or 10 inches.
 - Read your script at least 3 times on the one recording.
 - Stop the recording by pressing the stop square button.
5. Label the recording “Your Name-Word or Phrase” and save as an m4a, mp3, or wav.
6. Share/send/email the recording to Doyon.Word@kuac.org
7. Once we have received your recording, we will email you back so you know you are successful!
